Cayuga County's *Young Professionals*

Ignite is...

a group of young professionals dedicated to connecting people and ideas and offering other young professionals the opportunity to become involved in their community.

It begins with **YOUNG** Professionals!

We work...

to grow a membership of diverse individuals—to network and inspire creativity, which will aid in investment in our region by young professionals.

Ignite will...

Connect

YOU to other individuals with similar interests and ideas.

Engage

YOU in what is happening locally, politically, socially, and culturally.

Involve

YOU in the community, by providing board service opportunities, networking and volunteerism.

Find your place in the community.

IGNITE is a diverse group of spirited and well-educated individuals who care about their community. They are Cayuga County's future and represent a wide cross-section of the region's talent and demographics.

"I joined IGNITE to get more involved and I now serve on two local boards. I have gained network experience I can't get anywhere else."
